## **Synopsis book**

Though the Great War has ended, Bess Crawford finds herself caught in deadly circumstances on a remote Welsh headland in this tenth entry from the acclaimed New York

Times bestselling author. The fighting has ended, the Armistice signed, but the war has left wounds that are still agonizingly raw. Battlefield Nurse Bess Crawford has been assigned to a clinic for amputees, and the Welsh patients worry her. She does her best to help them, but it's clear that they have nothing to go home to, in a valley where only the fit can work in the coal pits. When they are released, she fears that peace will do what war couldn't take their lives. Their officer, Captain Williams, writes to describe their despair, and his own at trying to save his men. Bess feels compelled to look into their situation, but the Army and the clinic can do nothing. Requesting leave, she quietly travels to Wales, and that bleak coal mining village, but she is too late. Captain Williams' sister tells Bess he has left the
