A futuristic spaceship with a complex, angular design is shown in flight against a dramatic, fiery orange and red background. The ship is angled towards the upper right, leaving a trail of light. The background is filled with floating debris and a bright, glowing orb in the upper right.

Book details

Author : Catherynne M. Valente Pages : 303 pages

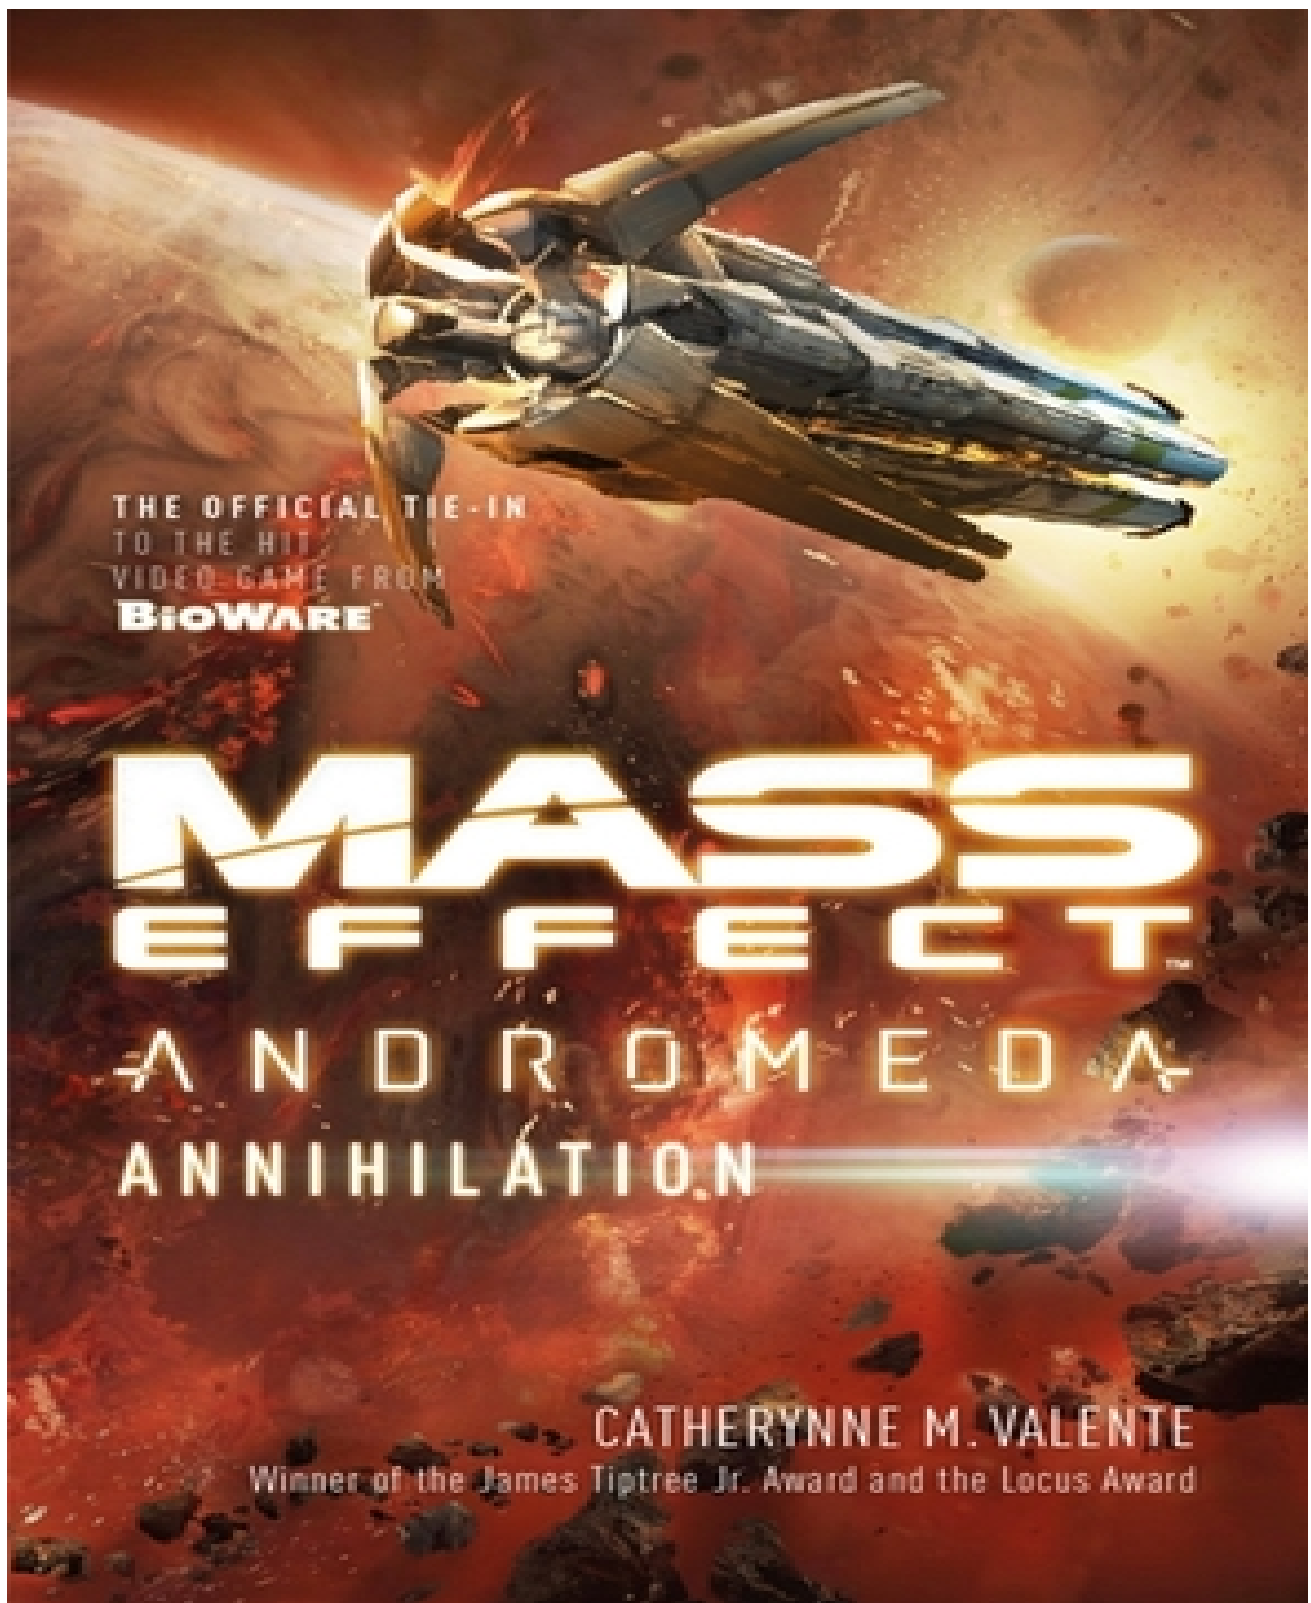

Publisher : Titan Books Language : eng ISBN-10 :

1785651587 ISBN-13 : 9781785651588

Synopsis book

An official tie-in to the hit video game Mass Effect: Andromeda. As the Quarian ark Keelah Si'yah sails toward the Andromeda galaxy, it carries 20,000 colonists from several races including the Drell, Elcor, and Batarians. Along the way a routine check reveals that many of the Drell colonists have died in their cryopods, and a pathogen is discovered. It begins to jump species, then the ship's tech begins to fail, making it clear that this is no accident. It's murder, and the perpetrator is still on board. The ship's systems rapidly degrade, and panic spreads among the colonists. To make matters worse, the virus yields a terrible swelling of the brain that causes madness, hallucinations, and leads to violence. If the ship's crew can't restore their technology and find a cure, the Keelah Si'yah will never make it to the Nexus.

THE OFFICIAL TIE-IN
TO THE HIT
VIDEO GAME FROM
BIOWARE

MASS EFFECT™ ANDROMEDA ANNIHILATION

CATHERYNNE M. VALENTE

Winner of the James Tiptree Jr. Award and the Locus Award

An official tie-in to the hit video game Mass Effect: Andromeda. As the Quarian ark Keelah Si'yah sails toward the Andromeda galaxy, it carries 20,000 colonists from several races including the Drell, Elcor, and Batarians. Along the way a routine check reveals that many of the Drell colonists have died in their cryopods, and a pathogen is discovered. It begins to jump species, then the ship's tech begins to fail, making it clear that this is no accident. It's murder, and the perpetrator is still on board. The ship's systems rapidly degrade, and panic spreads among the colonists. To make matters worse, the virus yields a terrible swelling of the brain that causes madness, hallucinations, and leads to violence. If the ship's crew can't restore their technology and find a cure, the Keelah Si'yah will never make it to the Nexus.
