Synopsis book

The complete cyberpunk classic, now a major Hollywood film! This box set includes all five volumes of Battle Angel Alita plus a brand new book of short stories - more than 2,000 pages of manga - in a collector's box set with special extras. In a dump in the lawless settlement of Scrapyard, far beneath the mysterious space city of Zalem, disgraced cyber-doctor Daisuke Ido makes a strange find: the detached head of a cyborg woman who has lost all her memories. He names her Alita and equips her with a powerful new body, the Berserker. While Alita remembers no details of her former life, a moment of desperation reawakens in her nerves the legendary school of martial arts known as Panzer Kunst. In a place where there is no justice but what people make for themselves, Alita decides to become a hunter-killer, tracking down those who prey on the weak. But can she hold onto her humanity as she revels in her bloodlust?
