Synopsis book

Baywater is a collection of poetry surrounding the struggles I have endured throughout my life. I remained as blunt, and as honest as I feel I am in my head. I divided it into three chapters, My Pain, Myself, and My Love, all taking on different types of healing, and error. I wanted this to be something extremely personal as I began writing it in August 2016, initially not knowing I would be publishing anything. I think this way of thinking I had in the beginning made my writing extremely raw - painful, and honest. I hope that at least a few of my words help anyone, I know that something like this would have changed my life if I had them during the events I write about in Baywater. I hope you love this book, my words derived from pain, and feel less alone afterwards.
