Synopsis book

As well as being a highly successful online and live player, Alex Fitzgerald is widely regarded as the world's greatest poker coach. Over a ten-year period, Alex has worked with over 1,000 players of all levels, experience and ability. This gives him a unique insight into how players of all standards think about and approach the game. More importantly, Alex - more than anyone else in the game - understands what players need to do to improve. Alex's first book, *The Myth of Poker Talent*, was highly successful in articulating exactly why anyone can become a seriously good player. It also debunked the myth that some mysterious innate talent is needed and showed exactly how hard work can get you there. The target market of *The Myth of Poker Talent* was mainly online players. Now, with *Excelling at Live Poker*, Alex is reaching out to players who play most or much of their poker in the live arena. Although a solid understanding of poker theory is essential for playing both live and online,
