Synopsis book

Start with a heart shape . . . and end with a beautiful finished piece of art! You'll love Jane Davenport's fabulous, fun, and amazingly easy technique for drawing figures. For aspiring artists, drawing people can be intimidating but it doesn't have to be. Over years working as a fashion illustrator, Jane Davenport devised her own method of creating in-proportion figures. Her clever core technique involves using equal-size hearts to build the body's structure. And Jane's results have been astounding: her students go from I can't draw a stick figure to producing gorgeous, well-proportioned illustrations. After laying out the basics, her imaginative guide walks you through working with different mediums; drawing the head, face, clothing, hair, and features; and constructing figures inspired by fashion, fantasy, life drawing, and more.
