## **Synopsis book**

The compulsively readable, behind-the-scenes memoir that takes readers inside the Obama White House, through the eyes of a young staffer learning the ropes, falling in love, and finding her place in the world. In 2012, Beck Dorey-Stein was just scraping by in DC when a posting on Craigslist landed her, improbably, in the Oval Office as one of Barack Obama's stenographers. The ultimate DC outsider, she joined the elite team who accompanied the president wherever he went, recorder and mic in hand. On whirlwind trips across time zones, Beck forged friendships with a tight group of fellow travelers--young men and women who, like her, left their real lives behind to hop aboard Air Force One in service of the president. But as she learned the ropes of protocol, Beck became romantically entangled with a consummate DC insider, and suddenly, the political became all too personal. Set against the backdrop of a White House full of glamour, drama, and intrigue, this is the story of a young woman
