Synopsis book

Photographer Jimmy Nelson has traveled the world with his camera, visiting some of its most remote and ancient cultures: the resulting images will uplift us individually, unite us spiritually and help motivate us to save our humanity. The new global language is not Chinese, English or Spanish. Jimmy Nelson believes it is the visual language of photography. His travels to visit native peoples within small remote communities have become addictive. The bright, colorful, ecstatic feeling that comes through in the resulting photographs is in sharp contrast to a world that sometimes feels emotionally beige. They demonstrate the unique beauty of all the varieties of human life for the viewers and the subjects alike. It is the story he wants to tell and share with the world. The parallels between the biodiversity of the planet and its cultural diversity are very clear. Our ethnodiversity, our 'ethnosphere', must also be protected. It is the sum total and manifestation of all the thoughts,
