Synopsis book

Could ten days at a health resort really change you forever? These nine perfect strangers are about to find out...Nine people gather at a remote health resort. Some are here to lose weight, some are here to get a reboot on life, some are here for reasons they cant even admit to themselves. Amidst all of the luxury and pampering, the mindfulness and meditation, they know these ten days might involve some real work. But none of them could imagine just how challenging the next ten days are going to be. Frances Welty, the formerly best-selling romantic novelist, arrives at Tranquillum House nursing a bad back, a broken heart, and an exquisitely painful paper cut. Shes immediately intrigued by her fellow guests. Most of them dont look to be in need of a health resort at all. But the person that intrigues her most is the strange and charismatic owner/director of Tranquillum House. Could this person really have the answers Frances didnt even know she was seeking? Should Frances put aside
