Synopsis book

Since its publication in 1974, scholars throughout the humanities have adopted G M A Grube's masterful translation of the Republic as the edition of choice for their study and teaching of Plato's most influential work. In this brilliant revision, C D C Reeve furthers Grube's success both in preserving the subtlety of Plato's philosophical argument and in rendering the dialogue in lively, fluent English, that remains faithful to the original Greek. This revision includes a new introduction, index, and bibliography by Reeve.
