Synopsis book

Vampire hunter Anita Blake has managed to overcome everything she faces. But this time there's a monster that even she doesn't know how to fight...A remote Florida island is the perfect wedding destination for the upcoming nuptials of Anita's fellow U.S. Marshal and best friend Edward. For Anita, the vacation is a welcome break, as it's the first trip she gets to take with wereleopards Micah and Nathaniel. But it's not all fun and games and bachelor parties... In this tropical paradise Micah discovers a horrific new form of lycanthropy, one that has afflicted a single family for generations. Believed to be the result of an ancient Greek curse, it turns human bodies into a mass of snakes. When long-simmering resentment leads to a big blowout within the wedding party, the last thing Anita needs is more drama. But it finds her anyway when women start disappearing from the hotel, and worse--her own friends and lovers are considered the prime suspects. There's a strange power afoot that
