Synopsis book

As nativism, xenophobia, vile racism, and assaults on the rule of law threaten the very fabric of our nation, *The Corrosion of Conservatism* presents an urgent defense of American democracy. Pronouncing Mexican immigrants to be rapists, Donald Trump announced his 2015 presidential bid, causing Max Boot to think he was watching a dystopian science-fiction movie. The respected conservative historian couldn't fathom that the party of Lincoln, Roosevelt, and Reagan could endorse such an unqualified reality-TV star. Yet the *Twilight Zone* episode that Boot believed he was watching created an ideological dislocation so shattering that Boot's transformation from Republican foreign policy adviser to celebrated anti-Trump columnist becomes the dramatic story of *The Corrosion of Conservatism*. No longer a Republican, but also not a Democrat, Boot here records his ideological journey from a movement conservative to a man without a party, beginning with his political coming-of-age as a young
