ISBN-13 : 9781941701898

Synopsis book

The most comprehensive portrait of art criticism ever assembled, as told by the leading writers of our time. In the last fifty years, art criticism has flourished as never before. Moving from niche to mainstream, it is now widely taught at universities, practiced in newspapers, magazines, and online, and has become the subject of debate by readers, writers, and artists worldwide. Equal parts oral history and analysis of craft, *What It Means to Write About Art* offers an unprecedented overview of American art writing. These thirty in-depth conversations chart the role of the critic as it has evolved from the 1960s to today, providing an invaluable resource for aspiring artists and writers alike. John Ashbery recalls finding Rimbaud's poetry through his first gay crush at sixteen; Rosalind Krauss remembers stealing the design of *October* from Massimo Vignelli; Paul Chaat Smith details his early days with Jimmy Durham in the American Indian Movement; Dave Hickey talks about writing
